Dear Sir or Madam,

Please find enclosed the long-term supplier's declaration for products supplied by us.

In the appendix to the supplier's declaration you will find for each item

- the material description
- our material number
- your material number
- the commodity Code
- the preferential status in accordance with the relevant preferential agreements

It is possible that one of your material numbers is assigned to several Gates material numbers. Our statements for preferential origin are always based on the Gates material number and in some cases we might not have only a 1:1 match between your part number and the Gates numbers.

Please share the information with us in case that there are any changes within your company and this document should be redirected to a new contact person or address.

Best regards
